DM700Pro shown with optional triple nozzle holders

UTV DEMOUNT AMENITY SPRAYERS

These Demont Amenity Sprayers are specifically designed for use with John Deere ProGator, Toro Workman and Jacobsen Truckster type vehicles. The sprayers are attached using the existing pin points and ram mount, making the sprayer easy and quick to mount and dismount. Fitted as standard with in-cab electric boom section controls, the DM450Pro and DM700Pro are the accessory that professional groundsman and greenkeepers use with these specialist vehicles. The boom sprayer pump is hydraulically driven as standard so there is no need for PTO drive kits. Designed and made by VALE Engineering in Great Britain.

SPECIFICATION

- 450 or 700 litre polypropylene tank with tank lid and deep basket filter
- Mild steel powder coated frame to suit John Deere ProGator, Toro Workman or Jacobsen Truckster type vehicles
